The OU (Orthodox Union), an internationally recognized kosher certification agency, has granted our products kosher certified for 2024-2025.

Kosher Certification is the stamp of kosher approval by a rabbinic Agency verifying they have checked the products ingredients, production facility and actual production to ensure all ingredients, derivatives, tools and machinery have **no trace of non-kosher substances**. The Kosher Certified symbol assures consumers that both the actual product and its production adhere to all kosher law requirements.

The Bible lists the basic categories of food items which are not kosher. These include certain animals, fowl, and fish (pork, rabbit, eagle, and owl, catfish, and sturgeon), most insects, and any shellfish or reptile. In addition, kosher species of meat and fowl must be slaughtered in a prescribed manner, and meat and dairy products may not be manufactured or consumed together.
